

# Chesapeake Bay Retriever Club Championship Show – 4 July 2021

## JUDGE'S REPORT

Firstly I would like to thank the officers and committee for inviting me to judge their championship show. Also thank you for the warm welcome and hospitality. I would also like to thank my very capable stewards, who kept the ring running smoothly. Finally, thank you to the exhibitors for their lovely entries, and their sportsmanship on my decisions.

Coats were of various stages which I would expect at this time of the year. Some dogs carried too much weight which spoilt the overall balance. At the end of the day this breed is a working gundog, which should be fit and well conditioned, not fat (fit for function). All males had two descended testicles, and I only found one bad mouth. Overall the weather was kind to us.

OPEN BITCH (3 entries, 1 absent)

- 1 Mayhew & Middleton's **Arnac Bay Hebe**. Caught my eye as she came into the ring, feminine head with good width of skull, strong muzzle, correct dentation, cleanest of necks of good length, well placed shoulders, nice length of upper arm, good bone, neat feet, depth of chest, well sprung rib with plenty of heart room, loin strong, well tucked up, strong well muscled quarters, correct topline and tailset, strong hocks and good turn of stifle, carrying correct amount of weight, in good coat of correct texture, covers the ground with ease. A lovely bitch. Her main fault is she doesn't live with me. Pleased to award her BCC and Best in Show.

SPECIAL WORKING BITCH (2 entries)

- 1 Mayhew's **SH CH Arnac Bay Flax**. One I've admired before, melting expression, cleanest of neck, balanced throughout. Unfortunatley blowing her coat but enough evidence of correct coat, in hard condition, moves with drive.
