## JUDGE'S REPORT

### Chesapeake Bay Retriever Championship Show Critiques

It was such an honour to be asked to judge the 40th anniversary and 16th Championship show of the Chesapeake Bay Retriever Club of the UK. The entry was superb. Such a quality that every country could envy. But more importantly, I was so impressed with the sportsmanship and camaraderie of this group of people. Every free time was full of banter and conversation, all positive and supportive. The hospitality was beyond exceptional. I was never in need of anything. Everyone went out of their way to make sure I never felt as if I didn't belong. Constant conversations about US dogs and questions about what we see and do from everyone. No one was cautious or even questioned whether to approach with questions. My Stewards were amazing and helped me with everything. Was just an exceptional time, with a group of exceptional people with exceptional dogs. Thank you so much for this honour and pleasure.
